PROFESSIONAL PROFILE

Senior-level Software Engineer with an Engineer's Degree and a proven track record in architecting high-performance Next.js applications and scalable enterprise systems.

Specialized in modular UI architecture, complex API integrations, and delivering client-focused products that bridge modern frontend stacks with robust backend logic.

Expertise in React, TypeScript, and GSAP, with a deep portfolio of 80+ successful digital solutions across e-commerce, SaaS, and creative platforms.

WORK HISTORY

02/2024 – Present

Full-Stack Developer

Freelance - Remote / Lebanon

Client projects across web platforms, e-commerce, and custom product development.

Tech stack: Next.js, React, TypeScript, Tailwind CSS, GSAP, Framer Motion, Node.js, Prisma, Vercel, Git

- Built 5+ production web applications using Next.js (App Router), leveraging Server Components and optimized API routes.
- Developed interactive, high-fidelity user interfaces with GSAP and Framer Motion for premium landing pages and SaaS platforms.
- Contributed to scalable platform development including a multi-tenant marketplace and an enterprise messaging platform.
- Integrated complex REST/GraphQL APIs and managed global state using tools like React Query or Zustand.
- Managed full CI/CD workflows on Vercel, ensuring high performance and 99.9% uptime for client deployments.

03/2023 – 09/2025

WordPress Developer

Klev - Dbayeh, Lebanon

Custom WordPress development, client delivery, and e-commerce implementation.

Tech stack: WordPress, PHP, JavaScript, WooCommerce, ACF, Elementor, REST APIs, Shopify

- Delivered 80+ WordPress websites end-to-end, including local setup, custom themes, and reusable PHP components.
- Built custom plugins and widgets using PHP and JavaScript to support specific enterprise business logic.
- Worked directly with international clients to translate complex requirements into functional technical solutions.
- Optimized website performance and SEO, achieving significant improvements in Core Web Vitals and load times.
- Refactored legacy codebases to improve maintainability and implemented modern security best practices.

EDUCATION

2018 – 2023	Engineer's Degree in Software Engineering & Networks Antonine University Beirut, Lebanon
-------------	--

TECHNICAL SKILLS

Frontend

Next.js, React, TypeScript, Tailwind CSS, GSAP, Framer Motion, State Management

Backend & Database

Node.js, PHP (Laravel), Next.js API Routes, Prisma ORM, MySQL, PostgreSQL

DevOps & Tools

Git/GitHub, Vercel, Docker, CI/CD Workflows, REST APIs, Technical SEO

Engineering (Academic)

Cisco Networking , OpenCV, Machine Learning, CNN Model Evaluation, Python

LANGUAGES & CERTIFICATIONS

Languages

- Arabic (Mother Tongue)
- English (C1 - Professional)
- French (B1 - Intermediate)
- German (A2 - Currently in intensive course)

Certifications

- Cisco CCNA (Networking Fundamentals: Routing, Switching, Security & Automation)
- PCAP: Python Programming Essentials
